SMARTCLASS INTERACTIVE TOUCH BOARD SYSTEM (ITB)

Intuitive, interactive Touch Board System (ITB) comprises of Smartclass Interactive Board integrated with Smart Board. It provides various features that allow teachers to access a high-resolution and fully-usable board and to participate in one of the various scenarios.

SMART TOUCH INTERACTIVE TOUCHBOARD

The Super touch interactive white board from Smartclass enables the teachers the drawing, body movement management, text tools etc. But today these capabilities are made in an easy-to-use and engaging form that can be used with ease. With a touch of a finger to go, the teachers or students can operate the board delightfully.

SMART TOUCH INTERACTIVE TOUCHBOARD

ITB ensure absolute line protection. The projection system mounted overhead so it does not block the line of vision. Instead, it allows the teachers to move their hand/feet to the board and to teaching.

WORK SMARTLY WITH SMARTER CLASS TO ENHANCE QUALITY OF LEARNING

ITB is supported by available option to ensure quality of the equipment. Customized with CPU, GPU, Keyboard and mouse.
